

CHAMBER IS TO RAISE BALANCE FOR CITY PLAN

Committee Is Ready to Enter Into Contract With Edward H. Bennett, Planner.

The balance of the money needed to carry through the city planning project for Rock Island is to be raised by the Chamber of Commerce, according to an agreement reached between the Chamber and members of the city planning commission. Just how the chamber will provide the money was not announced, though in all probability the money will come out of the one fund which is under consideration.

Yesterday Phil Mitchell, treasurer of the nitrate fund, offered the money which had been subscribed by citizens for the establishment of a nitrate plant on the arsenal, but which was unsuccessful, to the commission. The planning commission last summer decided not to enter into a contract with Edward H. Bennett of Chicago, city planner, until the entire \$5,000 necessary was in sight. The commission had \$3,400 from the old patriots' fund, and now with the nitrate fund and the promise of the Chamber of Commerce to raise the balance, the commission will go ahead with signing the contract.

John K. Scott, city attorney, has been examining the contract and will report at the city planning commission meeting tomorrow night. O. Z. Corvin, who has been appointed by the forum bureau of the Chamber of Commerce to attend the state planning session at Decatur Dec. 7, will probably hold a conference there with Mr. Bennett, who will also be present at the state meeting.

'PEEPING TOM' GETS LOAD OF BUCKSHOT

(Special to The Argus.)

Galesburg, Ill., Dec. 1.—A load of small shot having been dug from various exterior parts of its anatomy, a 16-year-old youth of this city is recovering, while recuperating, on the disadvantages of being found looking into the windows of other people's houses at night. Though

subsequent circumstances have partly cleared him from definite blame in the matter, he was taken for a "Peeping Tom," who was operating of late in a residence section of this city, and made the target for a shot by an irate householder Saturday night. The family of which the marksman is the head had been annoyed several times by seeing a face at the window. It is expected that, however rightfully or wrongfully the shotgun was used, the incident will prove a warning to the real "Tom." The lad who suffered actually did approach and look in the window, but has a good alibi for his action in that he claims to have been induced to do so by "a tall young man" whom he met on the street and who assured him no harm would come of it.

MAY DROP CASE WITH MARRIAGE OF QUINCY MAN

William W. Steinbricker, against whom Lillian Flier of Quincy came to Rock Island recently to complain, took the vows of marriage before Judge N. A. Larson yesterday afternoon and thereby probably escapes prosecution on a charge for which he is held to the grand jury under bonds by Moline police court.

Miss Flier made charges to the Rock Island police that Steinbricker was the father of her child. Complaint was properly filed and the Moline police were asked to arrest the man and turn him over to the Rock Island authorities. Steinbricker was found living with another woman in Moline not his wife, and so the police of that city kept him in custody and succeeded in obtaining a bindover. Steinbricker was out on bonds and in the meantime the other woman in the case has made good her disappearance.

This situation did not appeal to Miss Flier, who sought the protection of Steinbricker's name, and she invoked the aid of the state's attorney's office. Steinbricker accepted the opportunity to marry and probably escape consequences.

HAS SUPPLY FANCY GOODS.

PUBLIC NOTICE.

After this date I will not be responsible for any debts contracted by any one other than myself. Nov. 27, 1920. JAMES E. BLEDSOE.

CYPHER FACING FEDERAL TRIAL IN BOOZE CASE

Adam Cypher, 2718½ Fifth avenue, was bound over to the April term of the federal grand jury by United States Commissioner T. B. Sinnott Tuesday afternoon on a charge of violating the Volstead act.

Cypher was able to furnish the bond and gained his liberty. Tom Simcox and Louis Ortell were joint signers of the release.

The defendant was arrested Monday night by prohibition agents at a soft drink parlor conducted by him at 1430 Fourth avenue.

MEMBER CONGRESS LOOKS FOR WILSON TO RESIGN OFFICE

(Special to The Argus.)

Galesburg, Ill., Dec. 1.—That President Wilson is likely to resign his office instead of fulfilling the last two months of his term, was the belief voiced by Congressman E. J. King here yesterday. The congressman said:

"I look to see the president resign from his office during the last two months of his term. Under the circumstances it would be the gracious thing for him to do. That would give Vice President Marshall the chance to serve the rest of the term. The vice president is a good fellow and has been a good friend of the president during all this ordeal, and has not attempted to embarrass him. Legally the vice

president could fill the vacancy should the president conclude to quit before the end of his term." Small volume of business in the coming term of congress was predicted by Mr. King. He said that he expects to see affirmative action taken on the treaty with Germany at the session which opens in March.

LOWER BREAD PRICE AT GALESBURG MART

(Special to The Argus.)

Galesburg, Ill., Dec. 1.—Bakery men of this city started the month by a reduction of 1 cent in the prices on all loaves of bread, effective this morning. The two most common sizes, formerly 15 cents and 10 cents, remain as yesterday in the amount of bread in the loaf, but now sell at 14 cents and 9 cents each. The bakers say a noticeable reduction in the cost of the materials which go into the bread is responsible for the lower price per loaf.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottle of two sizes, medium and large.

However, if you wish first to test this great preparation sent ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure to mention this paper.—(Adv.)

STORED "BOOTS" IS PROBLEM

New York, Dec. 1.—So many liquor seizures have been made in New York city, where observance of the prohibition law is said by government agents to be almost nil, that the storage of confiscated liquor presents a serious problem.

One huge warehouse and many government offices already are filled with contraband stock.

PROOF INSUFFICIENT.

Madison, Wis., Dec. 1.—A verdict of insufficient proof that violation of better regulations of the industrial commission caused the explosion at the Stoughton Manufacturing

company plant, which killed

persons last Wednesday, was given yesterday afternoon by the coroner's jury in choosing evidence of scale from direct responsibility for the deaths.

MANUFACTURERS' SALE OF FURS

Friday and Saturday,
December 3d and 4th
